David, sorry for the delay in getting back to you. We've been unable to locate a version of 0456 that doesn't have the text cut-off at the bottom. In other words, the original from which the image was made had the text cut off - it didn't happen when the imaging was done.

Also, I haven't lost sight of need to get you depo dates - still waiting on CMS OGC.

- J.

David, we haven't forgotten about this request.  
So far we haven't been able to locate a version of 945-0456 that has more text than the one already produced - but we're still looking. Here's another version of 971-0621 - let me know if this one works for you.

Justin

Justin,

I need to get better copies of the above-referenced documents. On the first document, the handwritten notation at the bottom of 0456 is cut off.

The second document are illegible handwritten notes. It'll be difficult to read in any event, but a better copy would no doubt help.

Would you mind attending to these at your earliest convenience?

Thanks,  
-Dave
